

# Unified Meeting 5

## System Requirements for Moderators and Participants

Unified Meeting® 5 is a web based tool that puts you in complete control of all aspects of your meeting – including scheduling, managing and securing your meetings.

The information below describes the system requirements for both moderators and participants using the application or browser only features. Meeting these requirements will help ensure successful, productive meetings.

Please note that participants are not required to install the meeting application in order to participate in a meeting. However, participants must install the Unified Meeting 5 application in order to be promoted to Presenter.

	Moderators/Presenters Application	Participant Application
<b>Operating system</b>	Microsoft® Windows XP SP3 / Vista / 7 / 8 MAC OS X 10.6 (Leopard) or higher
